

Water Manager Report - May 13, 2023

Daily, 7 Days a Week, 365 Days a Year.

Check the level of the tank

Read the meters on Mooney and Peterson wells and check the mail.

Mar. 12

Ran Peterson well and reset the timer on Mooney well for the time change.

Mar. 15

Water level dropped in the round tank.

Started looking for a leak.

Thanks to Kathy Stuermann for finding the leak.

Ran Mooney well while we fixed the leak

Then switched to Peterson well.

Mar. 26

Ran Peterson well.

Apr. 13

Filled in three holes from past repairs.

Apr. 14

I connected Marty and Cameron Cochran's new water line to the meter.

Apr. 15

Ran Peterson well.

Apr. 20

Jerry Bucheit and Dean Kuns

Went to El Centro for fuel and parts for the new tank.

Apr. 22

Ron and Bonnie Akey , Ellyn Hae ,

Jerry Bucheit , Dean Kuns

Cleared brush and rocks from the Price Line and painted the pipe.

Apr. 28

Mario Orlando from Spears paid us a visit to see how we were doing on our Price Line project.

Apr. 30

Ran Peterson well.

May 12

Installed straps and ropes on the new tank in preparation to lay it down to install the overflow and gauge.
